## ONCE THE CAT'S OUT OF THE BAG

The way it is today with competition so keen for industry, the minute you mention the fact that you're thinking about a plant site, everyone has "just the right" location for you.

Chances are you'd like to look around a little first so we suggest you take a look at northern Maine:

Ample space to build and grow . . . realistic real estate values . . . friendly local and State governments . . . ready banking . . . disaster free, moderate climate . . . good native labor supply . . . communities you'll be proud to live in.

The Bangor and Aroostook Railroad serves the great northern Maine region from the tip of the State to its year round open port at Searsport.

Finest equipment for hauling freight including thousands of cars specialized for hauling the products of Maine agriculture and industry. . . Free pick up and delivery service for L. C. L. shipments . . . modern coach and Pullman service between northern Maine points and Boston . . . ultra modern buses on daily schedules with connections to everywhere.

When you're ready to let the cat out of the bag we'd like to talk things over with you. Address your inquiry, in confidence if you wish, to:

## Under the Bear's Paw

THE LAST FEW WEEKS have been ones of great importance for the University of Maine. An era has passed; and another is dawning.

A highly capable man has been named to succeed Dr. Arthur A. Hauck as president of the University. We'd like to take this opportunity to congratulate Dr. Lloyd Elliott, who has been named to one of the highest positions in this state.

We'd also like to offer him our sincerest wishes for success as the leader of Maine's men and women. Important changes may be made, and important decisions will be made. The moves of Dr. Elliott will have an effect on every citizen of the state.

Greetings, Dr. and Mrs. Elliott. Welcome to Maine!

We want to extend our best regards to Dr. Hauck. His career at Maine has been one of greatness. Through his efforts, the University and education in Maine have made great advances. The presence of Mrs. Hauck has graced the Maine scene.

Somehow we feel that although one career is over for Dr. Hauck, another may be just beginning. We don't know what his future plans are at this writing, but we're sure that he will "make good wherever he goes," to quote a familiar Maine saying.

Congratulations are in order for another outstanding Maine man, also. Charles Crossland '17 has devoted his entire life to service for the University of Maine. His efforts have been rewarding ones for the University. He has served the University in many roles, and is always willing to take on new responsibility as it comes along. Mr. and Mrs. Crossland's four children are all graduates of the University. The Crossland family is certainly a Maine family!

Best regards to all three men. The alumni salute you!

## COVER

Dr. Arthur A. Hauck is pictured with three men who have served as presidents of Maine's major colleges in recent years. Left to right: Dr. Charles F. Phillips, Bates College; Dr. Hauck; Dr. Julius S. Bixler, Colby College; and Dr. James S. Coles, Bowdoin College.

Subscription price, \$3.00 per year, included in annual alumni dues of \$5.00. Member American Alumni Council. Entered as second class matter at the Post Office at Orono, Maine, under act of March 3, 1870.

# The End Of One Era . . .

**P**RESIDENT HAUCK has retired. A man in whose shadow the University of Maine has made great progress for more than 24 years is no longer Maine's leader.

After an excellent career, devoted to furthering the high ideals of education in the state of Maine, he has stepped aside. He retired upon reaching his 65th birthday on Monday, February 10.

For Dr. Hauck and his family, the University of Maine has been his life since 1934. Mrs. Hauck has taken a complete interest in University life.

A special convocation, planned by the students, will be held later in the spring to honor Dr. and Mrs. Hauck. The convocation was tentatively scheduled for late February, but it was decided to hold it later after Dr. Hauck's future plans became definite. A faculty dinner, and trustees' dinner are also being planned at which Dr. and Mrs. Hauck will be the honored guests. Members of the University administrative staff feted the Haucks at a dinner in early February

## Tributes

The student newspaper, the *Maine Campus*, dedicated a special edition to Dr. Hauck

on February 6. The edition was sponsored by the students of the University. The special edition contained photographs from the Hauck family album, showing scenes from Dr. and Mrs. Hauck's early life before they moved to Orono. Photographs of 14 major buildings which were constructed during Dr. Hauck's 23-year administration were shown, also.

Each of the four student classes dedicated a page to Dr. Hauck.

Typical of the comments were:

"...the Senior Class wishes to extend to you its most sincere best wishes for the future in this, your last year, as University president. Your reputation and accomplishments as an educator are known nationally and internationally. The Class of 1958 feels that your greatest contribution to the University has been your sincere and continual interest in the student body. Your friendly, unpretentious approach to students and their problems is reflected in your entire administration and faculty."

"Many words have been written and spoken with admiration toward the outstanding growth of Maine during your 23 years as president. Although only freshmen, we have already seen the effects of your person-

ality and work in the Maine spirit, increased enrollment, and long-range building programs."

"Although this is only our second year here, we know of your achievements, and are thankful that we have had the opportunity to enjoy them."

"We feel that you are a friend to all of us, and we are proud to have had you as our President. We appreciate all you have done in your years here to build and improve our University. Most of all, we thank you for the spirit you have made synonymous with Maine."

## "Energetic Administration"

Tributes came from outstanding educators and officials:

Said President Dwight D. Eisenhower: "It is a pleasure to join in this tribute. During your energetic administration, the University has grown in size and stature and in the hearts of the people of Maine. For twenty-three years, your graduates have gone out to lives of usefulness inspired by your example. You have shown them that the demands of citizenship require a thorough education, plus a quickened interest in the civic, business and charitable affairs of their neighbors."

Maine Governor Edmund S. Muskie: "His record of accomplishment has surely more than justified the confidence of those who were instrumental in bringing him to Maine."

Dr. James S. Coles, Bowdoin College: "The late President Sills of Bowdoin spoke of Dr. Hauck as 'an academic apostle of friendship' wherever he goes."

Dr. Julius S. Bixler, Colby College: "In spite of many offers from other pastures that must have seemed attractive, he has steadfastly devoted himself to the task of keeping Maine green and keeping its educational ideas vivid and productive."

Dr. Charles F. Phillips, Bates College: "I will always remember the friendly smile and warm greeting with which he welcomed me to the State of Maine nearly fourteen years ago. During our years of working together, his friendliness and his co-operative spirit have always been in existence."

Dr. and Mrs. Arthur A. Hauck have been a part of the University of Maine family for the past 24 years. The photo at the left was taken recently at the breakfast table in the President's Home.

# ... And The Start Of Another

**D**R. LLOYD H. ELLIOTT, 39, will succeed Dr. Arthur A. Hauck as the president of the University of Maine.

He is at present executive assistant to the president of Cornell University.

Dr. Elliott will begin his new duties on July 1, 1958.

Dr. Elliott was chosen after an extensive search by a committee of trustees and faculty members.

## Fine Background

"He has the background and qualifications we need for the challenging position of president of the University of Maine," said Mr. Raymond H. Fogler '15, president of the Board of Trustees.

"We feel sure he will bring the forward-looking leadership we are going to need as the University increases in size and service during the years ahead."

In accepting the high position, Dr. Elliott said: "While it is with reluctance that we leave Cornell and Ithaca, Mrs. Elliott and I are looking forward with great interest to becoming members of the family of the University of Maine.

"I have been impressed with the interest shown by the citizens of Maine in their state university, of the progress that has been made at the University, and of the prospects for the future. It is an honor to be invited

to have a part in the future of the University and the state, and I accept with both enthusiasm and humility."

The new president was born in Clay County, West Virginia, on May 21, 1918. He attended West Virginia Institute of Technology in 1934-35 and received his A.B. degree from Glenville State College in Glenville, West Va., in 1937. He majored in English at Glenville.

He received his M.A. degree from West Virginia University in 1939. His major work was in Education and his minor work was in English and history.

In 1948 he was awarded the Doctor of Education degree by the U. of Colorado. His major work was in the field of school administration and his minor work was in the fields of public administration, curriculum, and secondary education. He wrote his dissertation on the "Effects of the Birth Rate on Public School Enrollment and the Need for Teachers, 1948-60."

He began his career in education as a teacher of language arts in the elementary grades and high school of Widen, West Va., in 1937. He served as principal of the Widen School System from 1939-42.

He was a lieutenant commander in the U. S. Naval Reserve on active duty during World War II.

Dr. Lloyd H. Elliott

In 1955 he was appointed assistant to the provost at Cornell and also acting director of the School of Education. He was named executive assistant to the president in 1956.

He is married and the couple has two children, Lloyd G., a senior at Ithaca High School, and Patricia Ann, a sixth grade pupil. Mrs. Elliott was graduated from Glenville State College, where she majored in elementary education. She was a teacher for a few years in the primary grades of schools in West Virginia.

## Charles E. Crossland '17 Named Acting President

**C**HARLES E. CROSSLAND '17, who has devoted his entire career to service with the University, is serving as acting president until Dr. Lloyd H. Elliott assumes his new duties on July 1.

His appointment as acting president was announced by Raymond H. Fogler '15, president of the Board of Trustees.

Mr. Crossland was graduated from the University in 1917 with a B.S. degree. After graduation he entered the service of the University as executive secretary of the Agricultural Extension Service.

## GAA Secretary

In 1928 he became executive secretary of the General Alumni Association, a position he held for 18 years.

During World War II he was business manager of the University, and after the war he became director of student and public re-

Charles E. Crossland '17

lations. In 1954 he was appointed assistant to the president.

He also serves as clerk of the University's

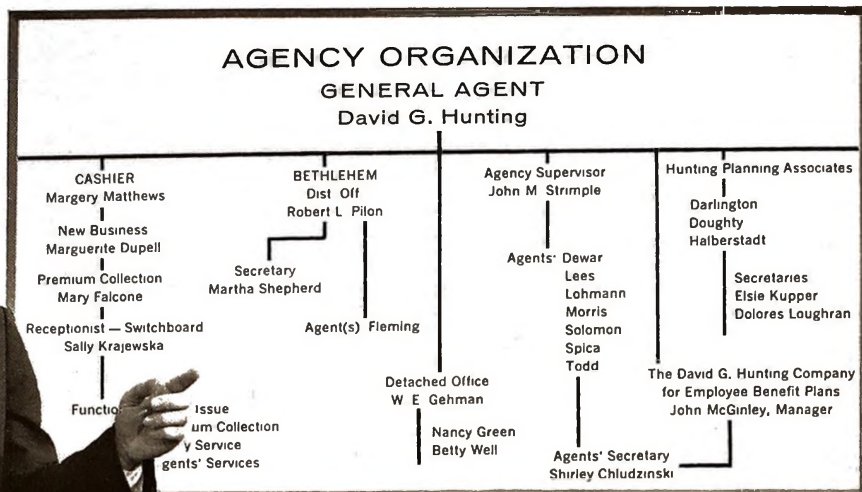

board of trustees and secretary of the University of Maine Foundation. In 1943 the General Alumni Association awarded him the Alumni Service Emblem for "outstanding service to the University and the association."

## Outstanding Service

Mr. Crossland is given a large measure of credit for the success of the alumni association and its various fund drives for much-needed buildings during the past 40 years. He has also been instrumental in securing scholarship funds and endowments for the University.

Mr. and Mrs. Crossland have four children, Carlton '43 of South Pasadena, California, Donald '45, of Colorado Springs, Colorado; Elton '50, of Arnold, Maryland; and Mrs. Frederick (Thelma '49) Robie of Lincoln.

## What is this company's role in the progress of a man's career?

From the start David Hunting had his sights set on a management career. As he puts it: "The big thing which led me to choose the insurance business and New England Life was the good prospect of an early opportunity in management. And there were no barriers to keep a man from progressing rapidly."

Dave *did* progress rapidly. After four years of experience in the field and home office, he felt he was ready for management responsibilities. New England Life did, too. In 1952 we put him in charge of a new agency in Philadelphia.

Dave now had his own business — without needing to raise capital. He had strong financial and administrative support. At the same time, he was free to make his own decisions and employ his own ideas.

In five years Dave has led his agency to a position among the top third of all our agencies. Much of this success is due to the competence of the young men he personally selected and trained. (His 16 associates average about \$10,000 yearly income.) Dave's organization chart, above, shows the extent of his present operation.

New England Life's role in furthering a career is then essentially this: to provide latitude for individual expression in an atmosphere of full company support. And this holds true whether a man chooses a management career or prefers to develop a clientele of his own.

If career opportunities of this sort appeal to you, write for more information to Vice President L. M. Huppeler, 501 Boylston St., Boston 17, Mass.

# Harmon, Crane, Irvine In Key Moves

James A. Harmon '40

Percy F. Crane

Dr. William L. Irvine '42

**T**HREE MEN FIGURED prominently in two key University position changes during the early part of February as Dr. Arthur A. Hauck prepared to leave as president.

Dr. William Lloyd Irvine '42, president of his class, was appointed dean of the University of Maine in Portland to succeed Dean Luther I. Bonney.

Percy F. Crane, director of admissions at the University for 21 years, announced his retirement, and James A. Harmon '40 was appointed to succeed him.

## Starts July 1

Dr. Irvine, who will assume his new duties on July 1, majored in business administration at the University. After serving in the Army during World War II, he returned to the University and received the M.E. degree in 1947.

For three years he was teaching principal at Islesboro High School. He left Maine to enroll for graduate study at Cornell University where he was awarded a Ph.D. degree in Educational Administration in 1952.

Appointed administrative assistant to the superintendent of schools in Ithaca, N. Y., in 1952, he was made assistant superintendent the following year and served until 1956.

In 1956-57 he was employed by the Connecticut State Department of Education as a district superintendent of schools with responsibility for five rural towns. He became an associate professor of education at the U. of Vermont in September, 1957.

Dr. Irvine is a member of Phi Delta Kappa and Phi Kappa Phi. Mrs. Irvine is the former Martha F. Allen '44 of Auburn. They have three daughters, Margaret, 5; Virginia, 8; and Elizabeth, 11.

Mr. Crane is retiring on June 30 as the University's director of admissions.

Recently he was the only New England member of the Steering Committee of the Committee on School and College Relations of the American Association of Collegiate Registrars and Admissions Officers. The group, in cooperation with a similar committee of the National Association of Secondary School Principals, made a report on problems created by the tidal wave of students who will enter America's colleges within the next few years.

## Coburn Trustee

For 20 years Mr. Crane served as a director of Portland Junior College, which is now the University of Maine in Portland. He is a trustee of Coburn Classical Institute and is also president of the Board of Trustees of Washington Academy in East Machias.

In 1953-54 he served as president of the New England Association of Collegiate Registrars and Admissions Officers. He graduated from Bowdoin in 1917.

For 10 years he was principal of Washington Academy and he served five years as senior master at Gould Academy in Bethel.

Mr. and Mrs. Crane have one son, Talbot '43, and one daughter, Mrs. Janice Jacobs '49.

Mr. Harmon, who will succeed Mr. Crane, is a native of Presque Isle.

Active in alumni affairs, he served as clerk of the General Alumni Association in 1954-55. From 1941 to 1946 he was head of the Department of Mathematics at the Maine Maritime Academy at Castine where he also served as director of admissions and aide to the superintendent.

He was appointed instructor in mathe-

matics at the University of Maine in the fall of 1946 and later served as assistant to the dean of the College of Arts and Sciences.

In July, 1953, he was appointed University registrar. In 1955 he resigned as registrar to go to California.

Mr. and Mrs. Harmon have two children, Carol Ann, 14 and James Sewall, 13.

## DeWolfe Gift

Final payment of \$6,599 from the estate of the late Robert W. DeWolfe '07 of Portland has been received by the University of Maine Foundation, Raymond H. Fogler '15, president of the corporation, has announced.

The total amount of the bequest is now \$81,599, which is the largest gift ever received by the Foundation. The income of the fund, which will be known as the Robert W. DeWolfe Fund, will be used for loan purposes.

## Bequest

A bequest of \$66,234.65 has been received by the University from the estate of the late Mrs. Reba M. Smith of Tangerine, Fla.

The will indicated that the income may be used for such purposes as the trustees deem proper, but preferably for scholarships or other financial aid to those students who are worthy of the benefits of the college and of financial aid.

In accordance with the will, the trustees of the University voted to use the income for scholarship purposes for awards to be made either to entering or upperclass students.

# Roll Of Area Leaders Grows As \$1,500,000 Drive Progresses

THE ROLL of Area Campaign Leaders for the Arthur A. Hauck Building Fund has grown in a gratifying manner," Thomas G. Mangan '16, Fund General Chairman, reported recently.

Mr. Mangan announced that nineteen additional Area Chairmen have accepted appointments in addition to the twenty-one reported in the February *Alumnus*. These additional appointments include the following Area Chairmen: Northern Aroostook County, Robert Jalbert '50; Southern Aroostook County, Richard W. Sprague '51; Hancock County, Donald E. Hobbs '49; Knox County, Samuel W. Collins, Jr. '44; Northern Penobscot County, Donald W. Bail '44; Southern Penobscot County, Russell V. Lathrop '30; Northern California, Philip S. Parsons '34; Southern California, George O. Ladner '26; Colorado, Edward Duckworth '43 and Fred B. Knight '49; Louisiana, Robert F. Scott '28; Eastern Massachusetts, Edward C. Sherry '38; Central Massachusetts, E. Merle Hildreth '34; Missouri-Kansas, William R. Cumerford '39; Southern New Hampshire, Parker F. Leonard '50; Northeastern New York, Alvord W. Clements '44; Eastern Pennsylvania, A. Wilford Bridges '49; Western Pennsylvania, Richard G. Warren '50; Lehigh Valley, Pennsylvania, Homer W. Huddleston '32; and Texas, T. Russell Woolley '41.

## Progress In Special Gifts

Hazen H. Ayer '24, General Special Gifts Chairman, has also reported six additional Area Special Gifts Chairmen in addition to the fifteen announced in the February *Alumnus*. These new Special Gifts Chairmen are: Philip R. White '22 (Co-Chairman for Eastern Massachusetts with George A. Potter '20); Samuel W. Collins '19, Aroostook County; Harry J. Bunke '19, Oxford County; Everett P. Ingalls '15, Cumberland County; William W. Treat '40, Southern New Hampshire; and Alan D. Duff, Jr. '37, Delaware.

Mr. Ayer also announced that a successful Advance Special Gifts effort was conducted in December, and that the regular Special Gifts Solicitation is now commencing in several areas. As this issue of the *Alumnus* goes to press in mid-February, Fund Treasurer, George E. Lord '24, reports

that nearly \$30,000 in pledges and gifts has already been made to the Fund through the Special Gifts Effort. Special Gifts activity is well under way in the Boston and New York areas.

## General Solicitation

The General Alumni Campaign solicitation will open following "Kick-Off Meetings" of workers in Maine in early March. All Area Campaigns will be underway in Maine during the month of March and in very early April. During the month of April, "Kick-Off Meetings" will open the Area Campaigns throughout New England and the East Coast, with other areas in the country opening their campaigns in late April and during May.

Donald V. Taverner '43, Executive Director of the Fund, reports that the number of inquiries received at both the Fund Office and the Alumni Office, indicate a growing interest and desire to participate in this campaign designed to pay tribute to retiring President Hauck through the completion of the Memorial Union and the erection of the Hauck Auditorium.

## "One Week to Recognize Twenty-Four Years"

The campaign planning and establishment of quotas for the sixty-three alumni areas has been based on the slogan for the Arthur A. Hauck Building Fund—"One Week to Recognize Twenty-Four Years." This slogan seeks to encourage Maine alumni, insofar as is possible, to recognize Dr. Hauck's remarkable twenty-four years of service to Maine through the pledging of the equivalent

of one week's pay to the campaign. This pledge can be made payable over eight quarters (two years).

As General Chairman Mangan has stated, "The \$1,500,000 goal of the Fund can be readily met if the number of alumni expected to participate will seriously think of their pledge or gift in terms of 'One Week to Recognize Twenty-Four Years.'"

## Auditorium Plans Develop

Under the leadership of Charles E. Crossland '17, the Committee to Study Plans for the Hauck Auditorium, cooperating with Alonzo J. Harriman '20, architect for the building, have developed general plans for the structure. These plans have now reached blueprint stage, and refinements on interior facilities, decoration, etc., are now under study.

In keeping with the physical expansion of the University, the beautiful new Auditorium will be located to the east of Stevens Hall, and so placed that it could become the central building of a Fine Arts Center for the University should such a project become possible in the future.

The Committee, in studying the detailed needs for the Auditorium, has expressed amazement at the numbers of academic, cultural and social activities which the new building will provide. As one committee member stated, "In watching the wonderful use made of the Memorial Union, we often wonder what we did before we had this building. It is obvious that this will be even more true of the Auditorium once this building is constructed and in use on the campus.

Shown at right is a sketch of the proposed Arthur A. Hauck Auditorium which will be built from funds raised during the next two years.

*The Name of Another Alumnus  
Is Written into University History*

A GENEROUS BEQUEST of \$66,234 from the late Mrs. Reba M. Smith of Florida has just been received by the University. Mrs. Smith was the widow of Leroy C. Smith, Class of 1904, whose name this fund will bear.

A native of Exeter, Maine, Mr. Smith received his degree in chemistry. His fine scholastic record led to his election as a member of Phi Kappa Phi. For many years prior to his death in 1952, he was engaged in the druggist business in Florida, where he was also a citrus fruit grower.

Under the terms of Mrs. Smith's will, the income from this fund may be used for such purpose or purposes as the Trustees of the University deem proper. This recognition by Mrs. Smith that changing conditions with the passing of years may bring new problems and needs is highly pleasing to University officials.

However, in accordance with a preference expressed by her, the Trustees voted to use the income from the Leroy C. Smith Fund for scholarships which may be awarded to either entering or upperclass students "who are worthy of the benefits of the college and of financial aid."

The Trustees and University officials are deeply grateful to Mrs. Smith for this fine bequest and are pleased to have the name of another alumnus who had shown interest in the University written so usefully into the pages of University history.

# Three Students Receive Senior Alumni Scholarships

ONE OF THE outstanding features of the Commencement Reunion in June will be the annual meeting of the University's Senior Alumni Association.

The Senior Alumni, at whose meetings cordiality and good fellowship are strong features, have established a very successful Senior Alumni Scholarship Fund which benefits three students each year.

At last year's annual meeting of the Senior Alumni Association, it was voted to make available money for three scholarships of \$150 each, to be paid each year.

The Senior Alumni Association was founded in 1936, "to promote good fellowship among its members, and by its influence endeavor to advance the interests of the University."

The Association has been highly successful in carrying out its aim. At the 1957 meeting, 94 members and guests were in attendance.

The officers of the Association are: president, Frederick J. Simmons '06; first vice president, Guy O. Small '03; second vice president, Henry W. Bearce '06; secretary-treasurer, Leslie E. Little '04; and auditor, Horace A. Hilton '05. Members of the executive committee are Karl Mac-

Donald '07, Abel P. Wyman '07, and William B. Alexander '07. Mr. Alexander succeeded Mr. Winfield D. Bearce '06 who passed away on June 22, 1957.

The eleven presidents of the Senior Alumni Association have given outstanding service. They are: **George H. Hamlin '73**, 1936-41 (President Emeritus), **John S. Williams '87**, 1942-43, **Ralph Marsh '88**, 1943, **John W. Hatch '88**, 1944, **Thomas Lord '88**, 1944-46, **Harry M. Smith '93**, 1946-48, **Harold S. Boardman '95**, 1948-50, **A. D. T. Libby '98**, 1950-53, **William A. Murray '99**, 1953-55, **Arthur E. Silver '02**, 1955-57, and **Frederick J. Simmons '06**, 1957-58, who is currently president.

This year, as last year, three outstanding students have been chosen to receive the Senior Alumni Scholarships. **Elizabeth Pope '59** graduated from Falmouth High School as salutatorian of her class. She is a junior at the University, majoring in elementary education. Elected to Neai Mathetai at the end of her freshman year, she served as president of this honorary scholastic group. Miss Pope has been elected to Sigma Mu Sigma, the honorary psychology society, and Kappa Delta Pi, the national education honorary society. A member of Alpha

Omicron Pi sorority, she is treasurer of the Women's Student Government Association. She plans to become an elementary school teacher upon graduation.

**Winnifred Mosher '60** is one of five members of her family who have or are attending the University. Her father is Charles H. '34 of Benton Station, a brother is Richard '56 and a sister is Margaret (Mosher) Kohler '57. Winnifred has a twin brother, David, who is a member of the Class of 1961. Miss Mosher is a junior majoring in mathematics; she plans to teach mathematics upon graduation. A dean's list student, she is secretary of her dormitory. Her Phi Mu sorority chose her "Sweetheart" at the spring pledge formal.

**William Vandervliet** is a sophomore, majoring in forestry. His home is Groton, Connecticut. A graduate of Mt. Hermon School in Massachusetts, he was active in soccer, football, skiing, lacrosse, and tennis. William is a proctor in his dormitory, a member of Phi Kappa Sigma fraternity, and the Sophomore Owls, the campus organization recognizing second year men student leaders. After graduating from the University of Maine, he hopes to do graduate work in forestry.

"I would like to thank the organization for the scholarship. There are four from my family who have attended the University, and any financial aid which I receive is most welcomed."

Elizabeth Pope '59

"I feel very fortunate to have received one of the Senior Alumni Scholarships. I sincerely appreciate the help of this organization in the continuation of my education."

William Vandervliet '60

"The Senior Alumni Scholarship was in a large part responsible for enabling me to get through my sophomore year."

# Important Notice!!

Notice is hereby given members of the General Alumni Association that, at the Annual Meeting of the Association, to be held in Orono on June 7, 1958, vote will be taken on the following Amendments to the Constitution and By-Laws of the Association:

"Constitution, Article II, Section I.—'The officers of this Association shall be a President, *two Vice Presidents, one of whom shall be an alumna of the University*, Clerk, Executive Secretary, Treasurer, and such other officers as may be chosen to have such duties and to be elected as prescribed by the By-Laws.'

Further notice is hereby given members of the Association that, at the June 7, 1958 Annual Association Meeting, the following proposals for changes in the Constitution and By-Laws will be presented for discussion and approval:

"Constitution, Article II, Section I.—'The officers of this Association shall be a President, Vice President, Clerk, Treasurer, Executive Secretary, *one or more Assistant Alumni Secretaries, one of whom shall be an alumna of the University*, and such other officers as may be chosen to have such duties and to be elected as prescribed in the By-Laws.'

"By-Laws, Article I (proposed addition of Section 2 as follows) 'The Assistant Alumni Secretary, or Assist-

ant Alumni Secretaries, shall be chosen annually by the Alumni Council not later than September first and shall serve until July first or until successor(s) are chosen and qualified. The rates of yearly compensation, if any, shall be fixed by the Council. The duties of the alumna Assistant Alumni Secretary shall include the alumnae program of the Association and such other duties as may be assigned by the Executive Secretary and/or the Alumni Council. The duties of the other Assistant Alumni Secretaries (if any) shall be assigned by the Council and/or the executive Secretary.'

The following addition to the Constitution of the General Alumni Association will be presented to the June 7, 1958 Annual Meeting for discussion and approval:

Article I (New Section 4) 'The graduates and former students of the former Portland Junior College (now the University of Maine in Portland) shall be extended individual invitations to membership in the General Alumni Association, University of Maine, and upon acceptance of such invitation, shall be accepted into full and regular membership of this Association, with all the rights, privileges, and responsibilities such membership entails.'

NOMINATIONS for the 28th annual award of the Alumni Service Emblem should be submitted to the Alumni office by May 1.

Established in 1930 for "recognition of outstanding service rendered through the Alumni Association to the University of Maine," the Service Emblem has through the years gained the highest prestige by virtue of the outstanding alumni to whom it has been awarded.

Any alumnus or alumna is eligible to receive the Service Emblem which is based on the number and high quality of services rendered to the University and the Alumni Association. The Service Emblem is primarily for an alumnus but may in "exceptionally meritorious instances be awarded to a non-alumnus."

Former recipients of this prized emblem are:

# Track Streak Broken

**T**HE 1957-58 BASKETBALL TEAM will certainly go down in history as one which was beset with more unhappy experiences than probably any other Black Bear club in history.

Injuries to key men, and bitter, small-margin losses have stabbed at Coach Hal Woodbury's cagers all season. At this writing the Bears own a 3-11 record with nine more tussles on the calendar.

But there's one thing that Woodbury's team accomplished this year that few other teams have done in University history.

## Southern Success

And that's have a successful trip into southern New England. The Bears, after taking a 22-point defeat at the hands of powerful Connecticut, amazed fans by capturing a 62-50 victory over Rhode Island and stopping a strong Massachusetts quintet, 73-59. Who can remember the last time a Maine team won two games on its southern trip?

Following the Christmas vacation, at which time Maine had a 1-5 record, the Bears dropped an overtime decision to Bowdoin, 53-47, lost another heartbreaker to Bates, 61-57, fell before Colby, 64-57, and lost to New Hampshire, 76-74, after leading by 13 points with four and one-half minutes to play. The southern trip followed. The Bears came home to take a 103-62 defeat at the hands of Connecticut.

The old pros of the team, Tom Seavey of Gardiner, and Dudley Coyne of Portland, have been turning in fine performances in every game. Seavey turned in 17, 18 and 27-point games in southern New England.

The second Connecticut game was the "nightmare" of the season for the Bears. For three-fourths of the game, the Bears were in serious contention. With 10 minutes left in the last half, Maine trailed by five points, 54-49. Then the flood gates opened. The Huskies poured in 49 points in the final 10 minutes, an unbelievable performance.

Maine has games remaining against New

Hampshire, Bates, Rhode Island, Massachusetts, Colby, and Bowdoin.

A highlight of the cage season has been the fine play of Jack Butterfield's freshman team, which owns a 7-0 record at writing. A feature has been the great play of Old Town's Don Sturgeon, who promises to be one of Maine's greatest in a year or two. Sturgeon tossed in 145 points in his first seven games and seems certain to break Hal Woodbury's 25-year-old freshman scoring record of 174 points in one season. Sturgeon has seven games to go.

Other stars of the freshman five are Wayne Champeon of Greenville, Larry Schiner of Scituate, Mass., Bob Morin of Bangor, and Joel Densmore of Portland.

Turning to track, Ed Styrna's charges fell before one of Bates' greatest teams recently to end the Bears' 11-meet winning streak which dates back to the end of the 1954-55 season.

## Streak Broken

Bates, which won the State Meet last spring, has a crackerjack outfit. The Bobcats are paced by sophomore star Rudy Smith, who made national sports pages when he smashed the record in the 500-yard run at the Knights of Columbus meet in Boston recently. His mark was 57.4 seconds. Another standout of the Bates team is broad jumper John Douglas, who established a K of C meet record of 24' 1".

Maine was missing the services of two of its outstanding performers in the Bates meet, broad jumper Bill Finch, who holds the all-time University indoor record, and distance star Bill Daly. Finch was nursing a sore leg, while Daly will have to sit out the second semester due to scholastic difficulties. Daly's absence is a big blow to Maine's hopes for the State Meet in the spring.

Before losing to Bates, Maine stopped New Hampshire in a dual meet.

The Maine frosh track team is still undefeated with a 3-0 record. Victories have been over the sophomores, South Portland High and the Bates junior varsity.

One of the highlights of the basketball season has been the play of sophomore guard Dick Sturgeon of Old Town. Sturgeon is a fine team man and has averaged about eight points per game. He and his brother Don, who stars for the freshman team, were members of Old Town High's great basketball team while in high school. (Haskell photo)

Ted Curtis' ski team has also been performing well. The Bears took second in the Eastern Intercollegiate meet recently at Lyndonville, Vermont, and last week the Bears' slalom team won the Silver Slalom Races at Pleasant Mountain in Bridgton over a field which included the top ski clubs and college teams in the east.

Next in store for Curtis' crew is the State Meet which will be held at the Colby Winter Carnival this year.

The Maine rifle team is doing well. Maine boasts a 5-0 record, good for a tie for first place in the New England College Rifle League. Sharing the sunspot with the Bears is Norwich.

Maine has beaten Vermont, St. Michael's, MIT, Bowdoin, and Harvard. The team is coached by Capt. Herman Wirth of the Military Department.

## Next Month

A special supplement on U. S. higher education in 1958 is coming in the April issue of *The Maine Alumnus*.

In 32 pages of pictures and text, the supplement will present the immense diversity of higher education in its variety of objectives, its problems, its restlessness, and its new approaches.

The text has been written by a group of alumni editors who have been at work for more than a year. One of the country's leading photographers, Erich Hartmann of Magnum, has taken the pictures. The supplement will appear in more than 150 alumni magazines whose combined circulation is 1,300,000.

# Local Associations

## New Local Alumni Officers

The following newly-elected officers have been reported to the Alumni Office:

**Maine Club of Auburn-Lewiston**—president, Charles M. Austin '31; first vice president, Roger L. Williams, Jr. '45; second vice president, John L. McCobb '25; treasurer, Richard E. Hayes '38; and secretary, Charles F. Cushman '31.

## Southern Kennebec Alumni

Augusta was the site of a February 6th meeting of the Southern Kennebec Alumni. Guest and speaker at this meeting was Donald V. Taverner '43, Executive Secretary of the General Alumni Association.

Mr. Taverner discussed late developments on the campus, and led the group in a discussion of problems facing today's colleges and students.

Presiding at this dinner meeting was Myles Standish '26, Southern Kennebec Alumni president.

## Portland Alumni

Dr. Harrison Lyseth, Assistant to President Hauck at the University of Maine in Portland, was the guest and speaker at the February 6th Luncheon of the Portland Alumni.

Dr. Lyseth discussed developments at the new University of Maine in Portland with attending alumni.

Also present as a guest was Arthur Benoit, member of the University's Board of Trustees. Visiting from Orono, and bringing greetings from campus, was Don Taverner '43, Alumni Secretary.

## Portland Alumnae

On February 14, the Portland Club of University of Maine Women held its Annual Scholarship Dance at the Eastland Hotel.

Providing music for this delightful social event was the orchestra of Jimmy Hanson '35.

Funds realized from this event are annually used for the group's Scholarship Fund at the University.

## Northern Kennebec Alumni

Winslow was the site of a February 8th supper meeting of the Northern Kennebec Alumni.

Guest and speaker at this meeting was Professor Wilfred J. Combella of Colby College. Professor Combella's topic was, "Satellites and Their Social Impact."

Attending from campus was Margaret M. Mollison '50, Assistant Alumni Secretary, who spoke on recent administrative changes at the University.

Presiding at this meeting was Vaughn Lowell, Jr. '51, president of the group.

## Augusta Alumnae

Barbara (Haney) McKay '49 of Augusta was hostess for the February 19 meeting of the Southern Kennebec Alumnae. Donna (Graves) Harrington '48, president, arranged plans for the spring dinner on May 1, 1958, for which Prof. Vincent A. Hartgen will be the speaker. Margaret M. Mollison '50, assistant alumni secretary, brought greetings to the group from Orono. A quiz of information on the University of Maine was given and University of Maine playing cards were the prize for the winner.

## Pulp and Paper Alumni Luncheon

Maine alumni from throughout the United States, in New York City for the Annual "Paper Week," attended the Maine Pulp and Paper Alumni Luncheon at the Biltmore on February 19.

Featured speaker at this highly successful luncheon was Raymond H. Fogler '15, president of the University's Board of Trustees.

During the Luncheon, University of Maine Pulp and Paper Foundation president J. Larcom Ober '13, presented the Foundation's 1958 Honor Award to Dr. Ashley Campbell, former dean of the University's College of Technology.

Many distinguished guests from the paper industry were present at this Luncheon, as were several key leaders from the Orono campus.

Presiding was 1958 Pulp and Paper Luncheon Chairman, Frank A. Butler '51.

## Northern Penobscot Alumni

Harold S. Westerman, head coach of football at Maine, was the guest and speaker at

Several University of Maine alumni living in the Montreal area and officers of the General Alumni Association enjoyed a dinner meeting at the Frank DeRice Restaurant on St. Catherine Street in January. ## SENIOR ALUMNI

**1889** George Freeman, who was 90 on New Year's Day, is living with his daughter in Cherryfield. He has been ill for the past two years. Although his eyesight is poor, he enjoys having news read.

**1892** Edmund E. Bond of 250 N. Central Avenue, Quincy, Mass., retired two years ago as a photographer for the *Boston Globe*. He spends his summers at Schoodic Lake which is a few miles above Milo. He is in fine health he reported to Bill Alexander '07.

**1893** Frederick J. Simmons '06 writes that Hiram Williams is now living at 128 Y.M.C.A., Paterson, N. J. He is in poor health. George A. Whitney is living in East Orange, N. J. He was in the hardware business for six years as a clerk and 26 years as a store owner. When his health failed, he took up landscaping and retired in 1957. He has three children, one son, two daughters, five grandchildren, and two great-grandchildren. For three years he was a quartermaster of the Second Maine Regiment.

**1898** Mrs. C. Parker Crowell of 36 Howard Street, Bangor, died in January in St. Petersburg, Florida. She was the wife of the well-known Bangor architect, who was one of the founders of the Senior Alumni Association here at the University. She left her husband, C. Parker '98, two sons, Allen W. of West Hartford, Conn., and Robert P. '29 of Lancaster, Pa., and three grandchildren. The Bangor Bird Conservation Club voted recently to place a book in one of the Bangor schools in memory of Mrs. Crowell.

**1905** Mr. Ernest L. Dinsmore  
 231 Woodford St., Portland

A recent letter from Samuel B. Lincoln states that he is writing a history of Lockwood Greene Engineers, Inc., the firm with which he has been associated for more than fifty years. David Whitman and Amos D. Lockwood were predecessors of Lockwood Greene, and were the engineers who devoted much of their lives in advancing and developing the textile industry in Maine. Sam lives at 69 Putnam Park, Greenwich, Conn. He is semi-retired, but still retains the chairmanship of the Board of Lockwood Greene. Last year he built a summer home at West Harwich, Mass., on Cape Cod.

Mr. and Mrs. Herman R. Mansur are now at their winter home at Madeira Beach, Fla. On the way south they stopped off at Richmond, Va., where they made a brief visit with their son Richard '35 who is director of industrial hygiene for the State of Virginia. Just before leaving Maine, Mr. Mansur was called to his Masonic Lodge where he was honored by being presented with the 50-year Veteran's Medal and gold pin. Stubby verifies other reports concerning the cold weather in Florida. The frost did considerable damage to the flowers and shrubs around his home there.

It is with regret that we announce the passing of another of our classmates. Harry D. Mosher died at his home in Wiscasset on January 13, 1958. To quote from the letter of Mr. Alan C. Pease '52, attorney at law in Wiscasset, "I have known Harry even since I can remember. His life was long and full, and his passing will be greatly mourned by this community." The Class of 1905 extends deepest regrets to Mrs. Mosher in her bereavement.

**1906** Mr. Earle R. Richards  
 11 Parent St., South Berwick

With the co-operation of George P. Fogg '08, it is learned that Mr. and Mrs. P. Donald Fraser continue to spend their winters in Safety Harbor, Fla., and summers in Rushville, N. Y.

"Shorty" Southard writes in protest that he is not to be included in any group of retired members leading a quiet mode of life as suggested in the January *Alumnus*. San Diego has grown by leaps and bounds with so many new homes and apartments that surpasses the demand of the increasing population so that the really people such as "Shorty" have to work harder than ever to promote sales and rentals.

A very welcome letter from "Dave" Rogers in Quincy, Calif., tells of his grandson, John D. Moore, who graduates from Quincy High, and will enter San Jose State College this year. "Dave's" son, David H., has a daughter, 13, and son, 11, and they live in Redlands, Calif. Since "Dave's" retirement in 1945 he enjoys himself by persistently pursuing golf as a hobby and occasionally finds time to get out in the timber with the Lumber Jacks.

The heartfelt sympathy of the class members is extended to Mrs. Wm. A. McLain in the passing of her husband who had been bedridden since 1951 at his home in Wellesley Hills, Mass. (See Necrology Section.)

Mr. and Mrs. "Rachel" Sherman have a temporary address at 63 Pleasant Ave., Portland. Mrs. Sherman suffered a set back in her recovery in January but is reported to be gaining since that time.

**1907** Mr. Karl MacDonald  
 27 Nelson Avenue, Wellsville, N. Y.

Benjamin F. Williams, Islesboro, says troubles never seem to come single handed. His mother, who was in her 90's, had a stroke November 16 and passed away on December 7. On November 27 his brother had a cerebral hemorrhage. Later he was in the hospital with a tumor on the end of his spine and was not expected to live. Under date of December 26, Ben said he expected to stay with his sister at 107 Oxford St., Cambridge 38, Mass., for some time.

Fred W. Matheas, 813 S. 21 St., Philadelphia 46, Pa., said he and his wife enjoyed the 50th Reunion immensely. They returned to Philadelphia from Bangor on August 24 in time to attend the wedding of their granddaughter. On November 9 they attended a very fine meeting of the Philadelphia Alumni at Peabody Hall, honoring Dean Gertrude D. Peabody '20, who is Dean of Women at Temple University.

Charles H. Martin, c/o Phi Gamma Delta Club, 106 W. 56th St., New York 19, writes, "I am still working between net lined walls of the B.M.T., tearing out concrete division walls, etc., between live tracks and third rail. As I cover from four to six miles on slippery road beds and climb from 800 to 1600 feet a day on stairs and ladders, at my age I feel I am in fair health. My vacation last year consisted of half days." "Squab" lives at 65 E. 56th St., Apt. 6J.

Laurence S. Perry, 79 Campbell St., New Bedford, Mass., who retired from active law practice a number of years ago for reasons of health, has been confined to his home ever since.

John H. Burleigh, 15 Lincoln St., Exeter, N. H., says he would have come to our "Little Reunion" last summer but things did not break right for him. He still wants the secretary to notify him in the future about it. "Jack" lost his mother on January 7. She was 102 years old. The class wishes to congratulate both he and Ben Williams on having had their mother for so many years. Most classmates have not been as fortunate.

## BY CLASSES

**1908** Mr. James A. Gannett  
 166 Main St., Orono

With deep regret we read in the March Necrology Column of the death of Carlton Macomber. Carlton was very loyal to the Class of '08 and attended several of our five-year reunions.

Emory N. Dunn is living at Boca Grande, Florida, where he is the manager of three hotels. His sister, Rena (Dunn) Whitcomb '98, resides at 384 College Road, Orono.

We sympathize with Bernard Collins whose wife passed away last June. He writes that he has a 14 year old grandson living with him and that he will not be able to attend our 50th, which we all regret. Four of Bernard's five children are married and the fifth is teaching at Brown University.

Dan Chase has an interesting article on "Sportsmanship" in the Holiday 1958 issue of the *New York State Journal of Health, Physical Education and Recreation*.

There is no finer way to show your lasting appreciation to your Alma Mater than by making a gift either outright or in trust. In these complex times, however, it is important that the gift be made in a manner that will be most beneficial not only to your college, but to your family and business as well.

Our experienced Trust Department will be glad to work with you and your attorney on the financial and trust aspects of an educational gift that will serve as your personal memorial in the years ahead. Write or telephone for an appointment now.

We'll be glad to send you a copy of "Facts Everyone Should Know About Charitable Giving," which you may find valuable at this time. Simply drop us a card today.

Perley Skoheld, in answer to a letter from Tom Fessenden, Chairman of the Florida group, writes: "Dear Tom: The old standpipe with its '08 looks familiar. During my freshman year I lived in the old dairy building and was constantly on the alert for marauding sophomores around the water tower. Several times that year I helped to lower Joe Jacobs over the top of the tower in a 'bosun's' chair to paint the '08. I furnished from the dairy barn, and had custody and care of, the rope and other gear necessary for the job. Several times I scouted the fraternity houses to alert 'Bill' Bailey, Capen, and other '08'ers, when '07's were on the prowl."

50th Reunion, June 6-8, 1958

Plans for the 50th Reunion are developing under the direction of the Program of Events Committee: Will and Bell (Harris) Cobb, Alice (Farnsworth) Phillips, Earle Vickery, and your Class Secretary. Ballard Keith has been asked to fill the vacancy caused by Warren Trask's death. The big days are Saturday and Sunday, June 7 and 8, but events are planned for members of the class who arrive on Friday, June 6—Class Day for the Class of 1958. Reservation blanks will be mailed out early in May with full details on the program from the Alumni Office.

1909

Mr. Fred D. Knight  
9 Westmoreland Drive  
W. Hartford 7, Conn.

Helen (Steward) Bradstreet, now living at Laguna Beach, Calif., writes an enthusiastic letter about our 50th. We shall all look forward to seeing you and your husband, Helen! A visit back East in 1956 made it possible to see Irene (Richardson) Durgy and several other Maine friends and relations.

Ralph Harmon, who now lives at 276 W. Broadway, Bangor, writes that he is still getting about and enjoying life.

In a good letter, George L. "Lew" Smith writes that he has closed his St. George home for the winter. He had a pleasant summer with "oodles of company" including the "Bill" Foglers. His winter address—10 Dana St., Malden, Mass.

A note from the George Normans informs us that they will sail from New York on the "Britannic" on January 24 for a 3 months' cruise to the Mediterranean and a trip through England. They expect to touch 22 ports of the 18 countries they will visit. Sounds like a good trip! We shall look forward to hearing about it when you return.

Chester Estey has recently returned to his home in Warwick, R. I., after a visit to his son and family in Culver, Ind. He was hospitalized in September for surgery, but has staged a rapid recovery. That is good news, Chet!

Mary Ellen Chase is off again to England, sailing on January 16. To quote from a recent letter, "to brush up on my Hebrew in preparation for a short book on the Psalms to be published, I hope, by the end of 1958." Bon voyage, Mary Ellen!

Please refer to 1909 notes in the Dec. ALUMNUS. We need many more expressions of opinion regarding the Class Biography before a decision can be reached.

Mr. Avery C. Hammond  
P. O. Box 200, 287 Ohio St., Bangor

In December 1957 our Class President was honored with a merit award from the U. S. Department of Agriculture. These awards are rare in the service and any person receiving one must have done plenty in order to qualify and have the approval of a long line of officials in the higher positions of appraisal and supervision in the Department in Washington. The citation reads as follows:

"Washington, D. C., December 1957, United States Department of Agriculture—Certificate of Merit—RUSSELL S. SMITH—Agricultural Marketing Service—Philadelphia, Pa. For sustained superior performance in effecting improvements in market reporting of dairy and poultry products in Philadelphia, Pa., which has enhanced the value of Market News issued in that location." Mr. Smith has spent 40 years with the U. S. Department.

Mr. Smith will be remembered for his speech in Spanish when he presented the 1911 gift to their Scholarship Fund at the 1956 Commencement. He was the battery mate of the great Marty McHale at Maine, before Marty went to the Red Sox and then to the Yankees.

EDITOR'S NOTE: We welcome the Class of 1911 to our regular class reports. Mr. Hammond will be doing these class columns each month.

1913

Your Class Secretary, Cliff E. Chandler of 113 Highland St., Portland, has started preliminary plans for the Class of 1913's 45th Reunion to be held in Orono on June 6, 7, 8,

1958. He welcomes your suggestions for the Class Reunion.

J. Larcum Ober of Beverly, Mass., presented the University of Maine Pulp and Paper Foundation's Honor Award to Dr. Ashley S. Campbell, Dean of the College of Engineering at Tufts University, at the Annual Pulp and Paper Alumni Luncheon at the Hotel Biltmore, New York City, on February 19.

Richard T. "Dick" Huntington, executive editor and publication director of the *World-Review of Hotels and Travel*, has resigned that post to join the staff of the American Hotel Association in New York as Director of Information. In this new job he will devote much of his time to working closely with the hotel press and in editing the *AHA News Letter* and other associated bulletins. Mrs. Huntington, who for the past year has been co-executive editor with her husband, will assume full charge of the paper. Their address is: 523-77th Street, Brooklyn 9, N. Y.

Mrs. Evelyn W. Harmon  
(Evelyn Winship)  
Livermore Falls

A short time ago I received a letter from Prof. Charles L. Blackman, of Ohio State University, saying that he and his wife returned in September to this country after two too extremely interesting years in India. He has been having a good time, telling his friends about his experiences there.

A fine letter arrived in January from Raymond L. Whitney, consulting forester of Bingham. He has a tract of land at Lake Embden in the town of Embden, made up of about 600 acres of woodlands, a remodeled old house, and about 7000 ft. of shore, which he has been developing for the past ten years. He expects to spend the remainder of his days in further improvements there. Within the past year his daughter, Judith Jean, married John Pelletier of Orono. He is a freshman at Maine and she graduates in June. He was in the Marines three years and took a refresher course at Higgins before entering Maine. Judith made Phi Kappa Phi, which pleased her parents very much. Thanks so much for a very interesting letter.

Mrs. William F. West  
(Helen Danforth)  
191A Broadway, Bangor

A nice letter from Roy Higgins recently, has given me new courage and hope that other 1917ers will follow his example and send me news. Roy says that Ed Dempsey has just returned from the hospital, following two operations. He is back at Lehn and Fink Products Corporation, Bloomfield, N. J., where he is manager of manufacturing for plants there and in Illinois. Roy says that if we "girls" use "Tussy," "Dorothy Gray," and several like products, Ed makes them for us. I know many of you will want to send greetings to Ed.

I have new addresses from two of our classmates who were on the lost list: Edward A. Perkins, 5 Ethel St., Roslindale 31, Mass. and Col. Horace H.

The snow is getting deeper and the slush wetter in Orono, but we do receive some cheer once in a while. Had a card from Carl Brugge recently saying he is having a wonderful time at Hawaii during these winter months. This is a long overdue vacation and we are glad for him.

40th Reunion, June 6-8, 1958

Whether you are at Hawaii or on the North Pole, start planning for that 40th Reunion next June.

A cold snowy day seems a very good time to settle down for a chat with the friends of '19.

Christmas letters bring news and this time it comes from Louis and Marion (Thomas) Kendrick who have both been working for sometime at the State Hospital, Danvers, Mass. home in Newburyport. A daughter Ruth teaches in West Hartford, Conn., and will be married in the summer.

Stacey L. Bragdon, Wellesley, Mass., has sent us additional information as to his activities in the field of education which began in '25. He and his wife have been teachers in Wellesley since '28. Stacey is a past president of the M. T. A., chairman of legislation planning board of M. T. A., delegate to Kiwanis International, and member of several Masonic bodies. In connection with these several groups he has visited all but one of our States, No. Dakota.

Our column seems to be giving pleasure to many people but the consensus of opinion seems to be that I shall receive little cooperation from now on.

If each of our 54 active members were to write me one letter this year, there would be material for our Column for 13½ months. Is that too much for me to ask—**THINK ABOUT IT.**

**1920** Miss M. Eleanor Jackson

Leslie Bannister has sent us this interesting account of their trip abroad, "We sailed for Liverpool on June 12. The first month of our stay when we were in the English Midlands and Lake District the weather was perfect. After that we had a month in Scotland where we had rain for at least portions of 21 days. However we kept going out between showers and were privileged to look upon beautiful scenery. Next we journeyed to London where we had 13 perfect days. There we did what the tourists all do, watched the changing of the Guard at Buckingham Palace and at Whitehall, visited the Tower, Westminster Abbey and St. Paul's Cathedral as well as Oxford, Eton, Windsor, Stoke Poges, Stratford on Avon. Our last two weeks we spent on the South Coast of England where we expected to have some warm sunny ways, but not so. On September 20 we sailed for home from Liverpool and had a rough voyage. The tail end of the hurricane, which sank the German Sailing Ship, hit us when we were off the coast of Ireland. However that experience was mild as to what we ran into when the Hurricane Frieda hit us on the Thursday. The sea black and boiling like a cauldron with waves from 30 to 40 feet high (so the desk steward said), the sky black and ominous, 75 to 100 miles an hour wind, and lots of rain. Our ship bounced about like a cork. However we came through the storm with flying colors and landed in New York about 10 hours late, safe and sound, and glad to be home. Our daughter and her husband met us at the pier. We have had lots of fun arranging our slides and reliving our holiday. We hope to spend some time in Florida this winter and capture some of the sunshine we missed last summer."

I feared this column was about to die of malnutrition but along comes news of Rena (Campbell) Bowles and her school lunch program. Rena is supervisor of the Bangor School Lunch Program which serves 1100 hot lunches a day in six schools in Bangor. She does all the buying and keeps all accounts plus many other details. I have trouble supplying the dietary needs of two adults.

From time to time I hear from Lucy Kilby who is head of the science department in Sheaf Memorial High School in Eastport. I will admit this is a professional correspondence—no personal items.

A library school classmate tells me that she sees Clark Perry once in a while, so I think he must still be connected with the Hartford (Conn.) school system.

I must report the demise of one of the McDonald cats. We now have one dog, one cat, no ponies, and no horses.

Announcement comes from Lorain, Ohio, where I am visiting my daughter and son-in-law, Anne and Douglas Kneeland '53, of the arrival of their first boy, Bruce Douglas. He has two older sisters and makes my sixth grandchild.

En route there I had a very interesting and gay week in New York City. The plays were a special treat. It was most pleasant also visiting between times with my youngest son, John, a second year student at Cornell Medical College. Also during the week end in Yonkers with Emilie (Kritter) Josselyn, we spent a delightful afternoon with Mabel (Thompson) Waterman Burleigh '20 retired in another year when they will move permanently to their present summer home at Hyannisport on Cape Cod.

Many thanks to the person who gave me a good steer on locating Ruth Hall, whose address was unknown. Her brother, Stanley '23, wrote me a very nice and informative reply to my request for knowledge of her whereabouts. She is Mrs. Paul E. Atwood and lives at Penobscot Terrace, Brewer. They have two sons, Robert now in Tucson, Ariz., and John, who is starting the study of law at Boston University.

At our 35th Reunion last June it was most enjoyable renewing acquaintance with Melvin Healey and meeting his charming wife, the former Blanch Thomas of Gloucester. From the Alumni Office comes notice of a recent honor bestowed upon him. "He is now authorized to wear a unit citation ribbon for being cited by the president of the Philippine Republic. The citation was awarded for participation in the Leyte Campaign in 1944 and 1945. After Maine he graduated from Northeastern University School of Law and served during World War II in Southwest Pacific, Solomons, and Philippines, being promoted from Commander to Captain of USNR in 1956. He has been with the Mass. Dept. of Public Works 32 years and is now district maintenance engineer, Danvers district. He is a member of the State Engineers Assn., the Mass. State Employers Assn., and the Mass. Highway Assn. Our congratulations, classmate."

I was terribly disappointed not to attend the Surprise Celebration for Rev. Arthur E. Wilson which the members of the Beneficent Congregational Church of Providence, R. I., gave last month in tribute to his 25 years as their pastor. This was only one of many functions held in "Pete's" honor as the entire community, as well as his church, recognized his years of outstanding service to mankind. The press was generous in space and praise given him and the *Evening Bulletin* said in part, "Widely known, both to his congregation and to his associates and friends at home and abroad, the genial minister is a tireless worker in many fields. Dr. Wilson has been prominent in the ecumenical, or inter-church cooperation movement, written two books dealing with the origins and early history of his church, has been active in denominational and civic affairs, and has run up what is believed to be the longest radio ministry—nearly 22 years—of any New England clergyman." We, too, salute you dear "Parson Pete."

**THIS IS THE YEAR OF OUR CLASS RE-UNION YOU KNOW!** Howard Randlette, our class president (who incidentally is directory classified compilation manager with N.E.T.&T. Co. with an office at 245 State St., Boston) is announcing the following Reunion Committee: Henry and Cora (Russell) Doten, 356 College Ave., Orono; Ted Curtis, 123 Main St., Orono; Dave and Elsie (Perry) Hoyt, 63 Willard St., So. Portland; Percy Dow, 108 Newbury St., Brockton, Mass., and your class secretary, Toni (Gould) Torrey. You'll be hearing from us soon; until then keep busy formulating ideas so that you can pass them on to this committee in order to make this the best Reunion ever. It is up to each and everyone of us, you know!

**1924** Mrs. Clarence C. Little

Dear Classmates  
Ted Hatch and his wife have just returned from a six months visit in Europe. They were interested in Ted's forte which is occupational health. In Finland, Sweden, Norway, Denmark, Germany,

Austria, Switzerland, Holland, and England they visited universities, research laboratories, and industrial plants. Ted served as a visiting professor at the School of Hygiene and Tropical Medicine of the University of London with the official title of Senior Fulbright Scholar. I'm wondering if the *Alumnus* wouldn't like to have a summary of your trip so we can learn more details, Ted. It sounds stimulating.

Harry Wiswell is state agent for the North America companies in Portland and he and Ruth (Savage '24) live at 35 Sylvan Road in So. Portland. Harry is now president of the Newfoundland Club of America, Inc. The Wiswells and the Littles usually meet at the large dog shows. We share great enthusiasms for man's best friend—the dog.

Ruth (Savage) Wiswell is director of the Saco Region of the Garden Club Federation of America, as well as a director of the Women's Literary Union of Portland. She is also active in the College Club and the Portland Junior League.

Jack Talberth has been appointed grocery sales manager for the Stop and Shop, Inc., in Hartford, Conn. He has been with this company since he left the University of Maine. He lives at 171 Hartford Terrace.

Albert S. Noyes is living at 24 Thomas St., Portland. Good luck in your new job, Al.

The lost has been found. Miss Danitza Arangelovich, whose whereabouts have been unknown for some time, has sent a message that she is in Yugoslavia (her native country) and her address is Charles Chaplin ul no. 14, Belgrade. Glad to hear from you, Danitza, and please write us about what you are doing. Your class sends you best greetings.

**1925** Mrs. Merrill Henderson  
(Anne Thurston)  
Quechee, Vt.

Sympathy is extended to Dr. Egbert M. Andrews of West Hartford, Conn., in the recent loss of wife and mother, Barbara Stevens Andrews.

Rachel Gorden is now receiving mail at Box 724, Augusta.

Pearl (Woodard) Fickett, who retired last year after many years of active teaching, finds herself back in the harness teaching a couple of classes at Gorham State Teachers College.

Last September Stan and Arlene (Ware) Hyde had a most interesting trip to Mexico where they visited many of the ruins of civilizations starting long before Christ. They also visited Guadalajara which is the center of Mexican Congregational missionary work. Arlene is president of Pi Beta Phi Portland Alumnae and holds office in the Maine Council of Church Women.

A letter from Ruth (Weeks) Eastman says that they live much too busy a life centered around real estate and music. They both sing in a choir and chorus which give concerts around Boston. Ruth and eight other women play English Hand Bells, 32 bells, and find themselves in great demand, especially at the holiday season. She is also chairman of the music committee of the Quincy Woman's Club, having 20 women on her committee.

**1926** Mrs. Trygve Heistad  
(Shirley Roberts)  
11 Third Ave., Augusta

I am still looking for news from all of you. I see by a recent notice that Clarence Hart's son, Allen N. Hart, has been named alternate for the U. S. Military Academy for 1958.

**1927** Mrs. Edgar Bogan  
(Sally Palmer)  
32 Myrtle St., Orono

My thanks go to Peg (Preble) Webster for most of my news this month. She very kindly shared her Christmas notes with you all.

Marada Johnson reports that she is well and happy with her job of teaching home economics in Watertown, New York.

Ruth (Leeman) Grady, 4-H Club Agent at Skowhegan, attended the National Club Congress in Chicago in the fall. As chaperone for the Maine delegation she was in on the fabulous entertainment offered by the business men of the area. Usually her group returned with some awards. I suspect they did her proud as usual.

Edith (Hoyt) Humphrey was busy getting ready for the arrival of her son and family from Redstone Arsenal, Huntsville, Ala. She was looking forward to the holidays with her young grandchildren.

Elizabeth Sawyer was at her home in Bangor, vacationing from her duties at Piedmont College, Cornelia, Ga.

Charles G. H. (Chick) Evans is the new head of the publicity division of the State Department of Economic Development. Congratulations, Chick.

George Dow's Christmas letter had interesting

news of his family. Barbara was married on December 28 to Jim Turner, a chemical engineering senior at the University. George had an interesting trip to Montana in the fall as a member of the Committee of Nine on regional research. His youngest daughter Betty is attending the University of Rhode Island.

Betty Collins is teaching in Redlands, Calif. Betty, I still can't write shorthand.

I did not see Helen (Peabody) Davis in Durham, No. Carolina, as I had hoped. I did get a nice note from her. Among her other activities, she is teaching kindergarten two mornings a week.

And now, please, for the sake of your stupid little reporter, **THE ALUMNUS**, and the glorious Class of '27, **SEND ME SOME NEWS.**

**1928** Mrs. William B. Ledger  
(Emma Thompson)  
75 Woodmont St., Portland 4  
30th Reunion, June 6-8, 1958

Found this news in the Portland paper. George and Thelma (Perkins) Dudley of Hillcrest Drive, Cape Elizabeth, have recently returned from a two-weeks vacation at Daytona Beach, Fla. I am guessing they flew—they are so "up-in-the-air" over their first grand-child.

Many, many thanks to Hope (Craig) Wixson of Oaknole, Winslow, for a very newsy letter about their wonderful family. Hope is the Winslow correspondent for the *Waterville Sentinel*—does some social and agricultural reporting and special stories. She is also completing a two-year term as press relations chairman of the Maine Society, D.A.R., busy with garden club, as well as some grange and extension association work, P.T.A., and church doings. Eldwin (Wix) received the breeders constructive award this fall. Besides caring for a herd of registered Jerseys, Wix is still selling insurance and getting awards there too—one of two men in the state to win the Centennial Award of Northwestern Mutual Life Ins. Co. in 1957. Son, Eldwin Jr. '53 is an agricultural engineer and teaches at Winslow High School. Daughter, Faith '56, is living at present in Scarborough and working in the Northgate Pharmacy.

According to the Old Town papers, Izora Hutchinson is giving up her duties at the American Embassy in New York to become Mrs. Donald H. Parsons and live at 19 Pine St., Old Town. Best wishes from us all.

Harry A. Grant is supervisor of the poultry service department for Wirthmore Feeds. The Grants have three children—Arthur, 14, Barbara, 12, and Betsy, 11, and live at 21 Park Terrace, Bridgewater, Mass.

The Bob Scotts are building a new home—be sure we get the new address, Bob.

This is '28's 30th Reunion Year. Plan now! Be there! Mat Highland of Orono, our prexy, will be writing you soon with all the details.

**1930** Mrs. Ernest J. Pero  
(Jeanette Roney)  
11 West End Ave., Westboro, Mass.

After a year in Massachusetts, John Palmer has returned to Philco Company in Pennsylvania and is living in Ambler, Pa.

Bill Flynt, vice president at Weymouth (Mass.) Light & Power Company, explained the exhibit of the Yankee Atomic Electric Company shown recently at the Rotary Trade Show.

Among the officers of the Southern N. H. Alumni elected at their fall meeting was Royal A. Roulston who is serving as vice president.

Students who spent the holiday vacations at home were Michael Daley from Dartmouth College, son of Bill and Myrilla of Falmouth Foreside, Lawrence Marshall, a senior at Wesleyan, son of Emma and the late Elliott Marshall of Cape Elizabeth; and Peter Wilson, a student at Babson Institute, son of Mr. and Mrs. Reginald B. Wilson of Pine St., Portland.

Mr. and Mrs. Horton Flynt of Falmouth are announcing the engagement of their daughter, Patricia, to John B. Waldman of Teaneck, N. J. Pat is a sophomore at the University, and her fiancé is enrolled at the Jack Rosster Baseball School at Cocoa, Fla.

Barbara Higgins, extension specialist in family economics at the University of Mass., is speaking before women's groups throughout the state on the understanding of home, liability, or auto insurance. I certainly wish I might have heard her during her recent visit.

**John F. Wilson '33, above, has been named vice president in charge of sales of Metals & Controls Corporation of Attleboro, Mass.**

Mr. Wilson joined Metals & Controls in March, 1957. He was previously general sales manager of the Cleveland Welding Division of American Machine & Foundry Co., and prior to that was works manager of AMF's Leland Electric Division. He has also held several positions at Sylvania Electric Products, Inc., in production, engineering and sales.

Originally from Salem, Mass., he has a B.S. in mechanical engineering from Maine and a master's degree in business administration from MIT, which he attended as an Alfred P. Sloan Fellow in 1940-41. During World War II he served two years on the War Production Board.

Mr. and Mrs. Wilson live in Barrington, R. I., and they have three children.

A Christmas message brought news from the Paul Elliotts. In July the Elliotts moved to their new home at 10135 South Riveroaks Ave., Baton Rouge, La., from their Naugatuck residence. Life in the deep south for the Elliotts sounds most exciting. Their home is Louisiana colonial style with old plantation brick walls and a slate roof. The family are enjoying such adventures as travelling down the Mississippi on a sulphur boat, to plantation homes, sugar mills, the beautiful state capitol, and birding with the Louisiana Ornithological Society in New Orleans. And those delicious, exotic Louisiana foods they are sampling! Paul is still with the Kralastic plant as a technical coordinator and is starting a new plant at Baton Rouge. In September he took a two weeks business trip to Denmark and Germany returning via Paris. Elise is very busy in Scout work and last May accompanied her troop of Girl Scouts to Washington. Daughter Ruth, who is a sixth grader this year, was a member of the troop. Jean, an older daughter and a junior in high school, will be accompanying her Naugatuck troop on their trip to Europe this year. Jean was a counselor at Camp Wildwood in Barre, Mass., last summer. Our best wishes to Paul in his new position and to the Elliott family in their new home!

Lt. Col George Hargreaves was a speaker on psychological warfare at the December meeting of the Men's Club of the Arnold Mills Methodist Church, North Cumberland, R. I. George, who is head of the social studies department at Spring-

Dr. Jay and Doris (Baker) Moody of 59 Kay St., Newport, R. I., sent out very interesting family Christmas cards this year. Their card included a wonderful picture of the family group of Mother Doris, Father Jay, and Bill, Jayne, Curtis, and Stan-son, as well as a running commentary on the highlights of the past year's activities for each member of the group. I wish there were space enough to include the entire commentary. As I have previously reported, Jay is a dentist, and the family continue their interest in music and antique cars. The new addition to their home during the year was an organ. Jay has spent much of his spare time helping to produce antique car affairs; he helped organize a few minutes of shots for the N. B. C. production "The Innocent Years." Did anyone recognize him in his checkered hat nursing the 1908 Overland? It has been a back-to-school year for Doris with the School of Religion Session in the fall and later organ lessons. Bill, the oldest of the offspring, attends Wesleyan University. Stan had the honor of meeting and shaking hands with President Eisenhower on his first round of golf at the Newport Country Club. The Moody home must have been a lively place during the Jazz Festival during the summer, as Bill extended a blanket invitation to his friends to spend the weekend at the Moody home. Jayne hopes to go into training at some Massachusetts hospital.

Doris Moody reports that Pris Noddin has returned home because of the illness of her step-father and she is now teaching in Rockland.

As you can see from my above address, I have gone ahead with my plans and have moved to Portland where I am living with my sister Gloria (U. of M. '42), an M.D., who has hung out her shingle indicating that she is in the private practice of general medicine. I left Bangor February 1 and am reporting on February 10 as casework supervisor at the Portland Office of Division of Public Assistance, Dept. of Health and Welfare, at 178 Middle St.

Betty Libby and John Wilson thought it would be a good idea for me, Ed Giddings, the Class treasurer, to bring you up to date on our fund raising campaign for our 25th Reunion next June. Here then is a report of our progress so far. We have over \$1,800 collected and ready to present to the University. This has come from 74 members of the class scattered over the world from Orono to Japan. Many of them have enclosed notes of their activities which have been passed on to you through this column. I would like to let you know about a reunion committee meeting in Portland where we did some planning for next June.

25th Reunion, June 6-8, 1958

Art Forrestall arranged on a recent Saturday for a very smooth luncheon in the Sun Room atop the Eastland Hotel where fourteen of us from the class gathered to make definite plans for next June. Clarence Bradbury came up from Rhode Island with

Johnnie Wilson and Fred Burke from Massachusetts. From Maine there were Betty (Tryon) Libby, Marjorie (Moulton) Murphy, Grace (Quarrington) Corey, Dot (Findlay) Carnochan, Sven Hallgren, Art Forrestall, Mel Means, Red Hagan, Johnny Doyle, Russ Shaw, and I. Most of our time was spent on laying plans for one of the biggest events of reunion, the Class Dinner at the Country Club in Orono on Friday, June 6. Be sure to get back for that dinner if at all possible for it should be a memorable occasion. Wives and husbands should find it interesting, too, but I doubt if the children would enjoy it. Those returning for reunion will probably want to room on campus where we hope to have our group housed on one floor in one of the new dorms. Details will be available from the Alumni Office and by special mailings in due time.

A recent development in the U.S. Savings Bond field makes it possible after a lapse of about six months for us again to buy bonds made out to the University of Maine Foundation. If you have not yet sent in your contribution to our class fund, you can now get a \$25 bond for \$18.75 and send it to me or you can just send me a check for \$18.75 and I can get the bond for you. Bonds should be made out to the "University of Maine Foundation (an incorporated association), Orono, Maine."

Contributions during the last month have come in from Lloyd Keirstead, Whitey Ackroyd, Marguerite Hurd, Bill Linsky, Frank Hagan, Nellie Gale, Forest Moors, Jim McLean, John Turbyne, Kenneth Smith, and Miriam Hanaburgh. The previous month saw checks from Vivitor Eskenas, John Bankus (who forgot he had sent a previous contribution four years ago and sent us another check—which we kept), Clarence Berry, Donald Blake, Philip Perkins, Gregg McLeod, and Phyllis (Webber) Fuller. Bankus, Blake, and McLeod are Colonels in the Army, no less, Bankus in Japan, McLeod at Fort Eustis, Virginia, and Don Blake in Korea.

Most of those members who have sent in contributions have indicated that they intend to be back in June so that including wives and husbands, I can already see over one hundred at our class banquet. I hope many more of you will join us.

## Help Wanted

Even with the moderate expansion taking place at present, the College of Technology will be in need of several staff members next year. In an institution of our size, opportunities for advancement are good and no alumnus has to be told about the good features of living in Maine even if it is not Florida in wintertime.

Our needs for the year 1958-59 are as follows:

Chemical Engineering—1 Instructor  
Civil Engineering—1 Instructor  
Electrical Engineering—2 Instructors  
Engineering Graphics—1 Instructor  
Mechanical Engineering—1 Associate,  
1 Assistant Professor and 2  
Instructors

If any alumnus would like to return, and can qualify, or if any alumnus knows of any well qualified men from other institutions who might like to come to the University, they should contact the proper department head or the dean immediately.

company's entire training program. Del has been supervisor of the service school and service tools of Hamilton Standard's Service Department since he joined the company in 1943. He received a master's degree from Harvard in 1940 and has taught at Yarmouth, Maine, Worcester, Mass., and Boston University. Just prior to joining Hamilton Standard he served as training coordinator for Northeast Airlines. The Ballards have a son and a daughter and live at S. Lakewood Circle, Manchester, Conn.

At a recent meeting of the Central Maine Garden Club, Fern (Allen) Turbyne was appointed to serve as chairman of the Club's annual summer flower show in Winslow.

The General Electric Company recently invited Kenneth Parsons, associate professor of electrical engineering at the University, to attend a conference on advanced lighting application. The conference was held at the company's lighting institute, Nela Park, Cleveland, Ohio.

If it were not for proud grandparents, '36 would be without mention this month. So I am doubly grateful to Mr. and Mrs. Leslie Little for sending us word of the arrival of Lesley Scudder Little, daughter of Henry P. and Janet Ross Little. Lesley was born January 7. She and her parents live at 44 Mt. Vernon St., Boston, Mass. Lesley's grandfather, who is also a Maine alumnus ('04) is secretary of the U. of M. Senior Alumni Association.

**1937** Mr. Edwin H. Bates  
8 College Heights, Orono  
Mr. and Mrs. Gus McLaughlin, of E. Concord, N. H., have a new son, Gus Hayden, born on January 5 of this year. Gus is with Merrimac Farmers' Exchange in Concord.

Flora Lutz, who teaches at Miss Porter's school in Farmington, Conn., spent the Christmas and New Year's holiday season with her folks in Old Town.

Again it's our star reporter Audrey (Bishop) Thibodeau who has supplied most of the news this month in two much appreciated letters. (She apparently followed our suggestions about making a New Year's resolution to send in some news—how about the rest of you guys and gals?)

Roger and Maybelle (Ashworth) Smith pictured their three boys, Dana, Bruce, and Larry, on a very attractive Christmas card this year. (Sorry space doesn't permit using it here.) Roger is engaged in potato farming and also works part of the year with the U.S.D.A. Market News Service in Presque Isle.

Willard and Elva (Googins) Judd and two chil-

dren Rick and Tommy wrote Audrey that they hope to visit in Presque Isle next summer with Elva's brother, Horton Gilman. The Judds live in Springfield, Mass., at 107 Manchester Terrace.

Lib (Ashby) Underwood had a card from Helene (Cousins) Stephens who lives at 12 E. Wesley N.E., Atlanta, Ga.

She also heard from George and Polly (Davee) Hitchings, who with their three girls Marion, Nancy, and Elizabeth, live at 529 Fairview Circle, Ypsilanti, Mich.

Speaking of being sharp—how about sharpening up a pencil and scratching me some news? I'd like also to make a suggestion that each class member jot down a note on their December 1958 kitchen or desk calendar to "send Red Bates a Christmas card with a few words about me—family—job—classmates, etc." Thanks.

**1938** Mr. Robert L. Fuller  
47 Andrews Ave., Falmouth Foreside

Well, we're off and running—Reunion plans being formulated, dues notices out (mailed Feb. 4 and only two days later the first returns are in), 1st prize will have to be shared by Morris Rubin, Bill Pearlmutter and John (one of the usual dozen) Haggett. If they will meet me Friday, June 6 at 6 p.m. at the Penobscot Valley Country Club, I'll buy.

20th Reunion, June 6-8, 1958

I guess Arland Meade forgave me for "lifting" part of his last letter since he wrote again as follows: "Well, hooray for our side! The 'usual dozen' has doubled and now we have two dozen being reported under the heading of the 20th Reunion, June 6, 7, 8, 1958. That's 100% improvement and I predict the trend will become the wave of the future. I've just about decided that there are enough of the class still alive to make the Reunion trip worthwhile. And I got an idea... if each of us would report something, any little old thing, about some OTHER classmate who hasn't been mentioned in the 1938 column—lo these many months or years, who knows what might turn up. I've no lost classmate to report this time, but may I mention that I did slip a picture of 'Bananas' and his keeper, 'Buster' Sutton, Orono, into the Feb. *Eastern States Cooperator* page 23, circulation 138,000 some of whom had better be Maine Alumni!" I think Arland has a good idea and hope some of you others will take up the challenge.

Saw by our local paper that John Q. Douglass spoke in Portland on January 21 at the Council of Social Agencies. John is a director of the Bureau of Social Welfare.

From the Needham, Mass. weekly paper comes news that Leon Levitan has acquired controlling interest in the Nelson Precast Concrete Co. of Braintree. Leon should have some really "concrete" plans for "cementing" old relations at the Reunion—(ain't that awful?).

Along with his check, Bill Pearlmutter sent an amusing note which reads in part (Gad, I'll probably be served with a subpoena) "Since I'm one of the few non-marrieds left from the class, having been quick on my feet, I've adopted a motto for this year 'Mate in '58' but if anyone knows a fun-loving gal, I can change it to 'Late in '58.'"

In keeping with Bill's motto, I think our class should adopt one. "Let's make it Great in '58." I am, of course, referring to Reunion—just in case some of you get other ideas.

Bob Loveless may be some surprised when he reads some of his letter to Buzz in my column (I don't quite know the legalities involved—but I can take a chance). He says: "Dear Buzz, Glad to hear from you by way of your calling Card by way of Dale Metzler. Dale is a heck of a good fellow and from what he told me you city slickers led him really astray. I saw your picture in the *Sunday Herald* recently. You were surrounded by 2 or 3 sheriffs. I've forgotten what the charge was, had something to do with \$500,000. Where did the second chin come from? Is it from age or high living? My weight is something I've always been careful about. Everytime I get up to 193 lbs. I tell myself that's far enough and with a lot of will power can get back to 191 lbs. I enjoy Vermont very much. Have a home about 1½ miles from the center of town. We're pretty high up on a hill and from our living room window we look out across to the mountains in the west. We have two boys and a girl. The girl is 7 and the boys, 4 and 9½. I see a few Maine fellows from time to time. Bob Bramhall is the Fafner man covering this territory and Bud Dean sells for Torrington Bearing Co. There are about 8 or 10 in town, but most of them are older. We quite often get a carload and go to Durham when Maine plays football at N. H. The last two times I've seen Mike Wanegal and Hugh Carey I was at Machine Tool Show in Chicago and ran

into Bill Smart. He's a Fafner Bearing salesman in the Chicago area."

As you may not know, there are three cups awarded at reunion which it is possible for us to win. One to the class with the largest number registered, one with the highest percentage of the 20th century classes, and one of the last 30 years with the highest percentage. Let's go after them all. I was going to put up (or hold up) a "glass" for the fraternity group with the most back (or sorority) but Sherry and Gowell said it was just a waste, the Phi Kappa Sig's would win it easily—they are the most!

Any comments from the rest of you?

Remember the great date in '58—June 6-7-8.

Just two weeks ago we rushed our oldest son West, 10, to the hospital for an emergency operation on his throat. We were pretty worried parents for a couple of days but everything is fine now. He is home convalescing.

I am going to be more than glad to turn the class reporting over to Phoebe (Dunbar) Thompson in June as I've taken on another bookkeeping job. I am the treasurer of the Brewer Free Public Library Association this year.

The following news comes from the Alumni Office.

Lt. Col. Leon W. Konecki is with the U. S. Army as a procurement officer. Address is: Hq. U. S. EUCOM J-4, APO 128, New York, N. Y. He gives as his permanent address: 6 Chase St., So. Portland.

Elwood Millett is now engineer for the Automatic Sprinkler Corporation covering Maine. His address is So. Orrington, Box 23. He has a boy who is a freshman in Brewer High School and a girl in the 7th grade. His wife is Constance (Young '40) Millett.

Earle Reed is living in Cape Elizabeth and is a part owner of Widgery Commercial Welding Company in Portland.

John W. Perry has been appointed by the National Life Insurance Company of Vermont as its new general agent for southern Maine with headquarters in Portland. For the past year John has been general agent for National Life in Charleston, Va.

We are still dipping into our Christmas mail, and one of our longest letters was from Betty (Libbey) Stallard. Since she has so much news for us I'll quote parts of her letter.

"Had a nice visit last April from Bert '42 and Dot (Phair) Blanchard who live in Corinth, Maine. Bert had come to Boston on business. Then this summer our son attended a camp in N. H. and when I went to pick him up I stopped in Concord and saw Ralph and Peg (Peaslee) Danforth and their two children, Judy and Andy. It always seems so good to see U. of M. friends and the best part is that they are just the same as ever. U. of M. is represented in Hingham—Clark Perkins '36 is a state representative, Herb Farrar '40 is on the town light department, Gilbert Carlson '43 is assistant principal at the junior high school where Robbin (our daughter) attends, Marion (Tufts '40) Farrar is a secretary in the junior high office. Then occasionally I see Arthur Holbrook '32 and Betty (Luce '41) Allyn, so we always have a big "hello" for each other.

"Our life seems to get busier every year. We live a little out in the country so it means lots of chauffeuring for me. This fall my husband attended the National Dental Convention in Florida. It was a wonderful experience for both of us. Should also mention Parker Troland '38 whom I see and again we have a Maine 'hello!' Thank you very much for that wonderful letter, Betty.

We went to the Maine State Society Reception for our Congressional delegation last week-end. Art is vice president of the Society this year so he helped at the door and I poured. We saw over 200 people from Maine—some from U. of M., but not one from the class of '40. But we did hear that good old accent and had a chance to reminisce a bit.

It will be spring when we write our next column. It seems like a short winter!

George Ellis certainly has a full and busy life. He has recently been appointed a vice president of the Federal Reserve Bank of Boston. He is also director of research for them and will continue to be in charge of the bank's work in the research field.

Rev. Harry Trask is now the pastor of the Nazarene Church in Haverhill, Mass. He and Claralyn (Preble) and their four children are living at the parsonage at 8 Taft Ave.

A family venture it must be for the Sam Wrights on their farm in Clinton. They have a huge herd of purebred Jersey cows and the top of the barn has been remodeled to provide space for 2,000 pullets. They have four boys—Sam, William, Tom and Raymond—and a girl, Janet.

Cecil Howes, who has been on the U. of M. faculty for 12 years, has accepted an appointment as head of the Department of Poultry Husbandry at Virginia Polytechnic Institute, Blacksburg, Va. As head of the department, he will administer all work in teaching, research, and extension.

The John McGillivrays are busy with their four-sons. Jack is now part owner and manager of Whitten Concrete and is very happy about the whole thing. They live at 74 Loring Road, Weston, Mass.

At the time of this letter he was in Kansas, so he does get around the country a bit. Their sons Dick and Roger are ten and in the fifth grade. Last July the Roleys drove to Ohio to visit Red's parents and in August Gerry and the boys flew to Maine for a visit. In September Gerry and Red had a week in Mexico City and Acapulco where they enjoyed a bullfight and had a marvelous vacation. Gerry usually sees Mary (Hurley) Russell in the summer but missed her this year, since the Russells were at the Lake (where Lakewood is) becoming ski enthusiasts. There are faculty representatives at Bates, Colby, and the Univ. of Maine who cooperate in this program to bring college students in contact with practical politics.

Charles and Anne (Trundy) Sias recently moved from Augusta to 327 French St., Bangor, with their four children. Charles has undertaken the salesmanship of WABI Radio.

Congratulations to Sidney and Rena (Bell) Walton on the birth of Judith Roanne on January 13. The Waltons' new address is 202 Falvey St., Bangor. The Waltons have one other child, Paul, 2.

Captain Roland and Jeanne (Heartz) Babcock sent an announcement of their third son, David Sargent, born January 14. The Babcocks live at 3820 Meadow Lane, Colorado Springs. Col. Peter is now nine and Robert is six.

I hope the Alumni in the Albany, N. Y., area will call on George and Barbara (McNeil) Marsanskis who moved from Bangor in January. George has a wonderful position with the Albany Felt Company as technical service engineer. They are living five miles out of Albany at 466 Kenwood Ave., Delmar, N. Y. Their four children are Greg, 8, Cathie, 7, Cindy, 4, and Jeff, 1. George had been with the Eastern Corporation for the past ten years and both he and Barbara were very active in community affairs in Bangor.

To date there are seventeen "Round-Robin Letters" in circulation to you classmates of 1947. When you receive it do add a few lines and send it on. I have only twelve names in each letter so I hope everyone will cooperate and won't let this "Red Hot" (trite, I know) letter stay on your desk. Next month, I hope to get out the remaining ten letters and thus contact you all for news!

Bob and Betty (Busch) Begley have moved from Hobbs, N. M., to 811 West Mathews, Roswell, N. M. Bob's employer Shell Oil Co., closed their Hobbs office and transferred their employees to Roswell. The SAC base—Walker Air Force Base—is located just outside Roswell. The Begleys have three children—Kevin, 8, Kathryn, 2, and Janice, 1.

Claude Chittick is now in the insurance business in Manchester, N. H. His address is 80 Vall Street, Manchester. How about bringing us up-to-date on your family, Chit?

Reverend Lewis Distant is now living in Pittsfield, N. H. From 1942 until just recently, Rev. Distant was an Army chaplain. He served in North Africa, Italy, France, and Germany during World War II. Following the war, he served with the Berlin Occupational forces. He spent six months in Alaska followed by 3½ years at Murphy Hospital in Waltham, Mass. He served as chaplain at Fort Devens, Mass., before going to Pittsfield. The Distant's have two children—a son now serving in the U. S. Air Force in Texas and a daughter who recently graduated from Boston University with a degree in social studies.

Joyce A. Walker and Henry Plate were married on February 1, 1958, at the Faith Congregational Church in Springfield, Mass. Joyce is a graduate of Dean Junior College. Henry is employed as an agronomist in the fertilizer research department at the Eastern States Farmers' Exchange in West Springfield, Mass.

Well, here I be again with the news I have collected this month. Sorry the column seems to be gradually decreasing in size, but I'm getting ravenous for news... hint hint!!

Leslie Botka is the assistant project engineer for the Curtiss-Wright Company in New Jersey and is living at 48 Busted Dr., Midland Park.

Ray Cudahy is working for the Young and Rubicam Company, an advertising firm. His home address is 4 Kathryn St., Lynbrook, N. Y.

Hear through the Orcutt's that Art, Elian, and his family are back in the states and now living at 1017 Duke Drive, Bucknell Manor, Alexandria, Va. Al is attending Belvoir and taking an advanced engineering course.

I was so pleased to receive a long letter from Gene Cranch and hear of her doings. She has received her M.A. from the Univ. of Chicago and is now living in a newly purchased house in West Miami, Florida. Last year she had quite an adventure being chosen a delegate to the International Nurse's congress in Rome, Italy. As a result she was able to visit England, Holland, Germany, Lichenstien, Switzerland, and Italy. What could be more wonderful. Gene is now back teaching at the Univ. of Miami as ass't. professor of nursing. She writes that the welcome mat is always out, so any of you lucky enough to vacation that way drop in.

Beatrice Young just became engaged to Harold Carlin of Boston. Harold is a grad of Providence College and has his M.A. from Northwestern. Presently he is working on his Ph.D. at B.U.

**1950** Mr. Richard R. Davis  
Church Ave., Peaks Island, Portland

As I begin this column we are having plenty of mud and rain in dear old Maine (Southern Maine that is), and we are wondering whether to skip Lincoln's birthday and have an egg roll instead. No ice in Casco Bay this year, I guess.

Have received several letters and cards from the folks over the holiday period, so here's the news.

Stanley and Elaine (Lockhart) Brown write that Lt. Donald and Doris (Stack) Rosenberg recently visited them and that Don is stationed in Monterey, Calif., their address is: 138 Spray Way. Elaine and Doris each have two sons and Doris has a daughter, too.

Dick Packard writes from Northeastern University, Boston, Mass., where he is an assistant professor of chemical engineering. Dick has really been busy these days and has earned an M.S. (Chemical Engineering) from M.I.T., a M. of Eng. from Yale, and is now completing his doctoral research at N.Y.U. while he is teaching at Northeastern. He is married to the former Lola Walton of Dixfield, Maine, and they have two children, Melissa Joyce, and Richard, Jr. The address is:

Cheer up! Spring is only a step away. When you feel the first faint stirring of the new season, I hope you will drop me a note to let us know how you are getting along—new jobs, children, addresses, and so on.

Robert Moody has recently become supervisor of the World Agency, Inc., a subsidiary of Albert M. Harmon, Inc. agency of Portland. Robert will specialize in the sale of accident, health, and life insurance of the World Insurance Co. of Omaha.

Alvin Mason, who has been the recreation director at Portsmouth, N. H., for five years, was the guest speaker at a recent Wells-Ogunquit PTA meeting. Alvin explained the various types of recreation programs which include, among many others, 44 basketball teams. Sounds as though he might have his hands full.

Congratulations are due Phil and Liza (Zaitlin) Levinsky on the birth of Eric Sander Levinsky on January 14. Eric has two big brothers, Bruce, 3, and Kenny, 4½. Needless to say, the Levinskys are proud as punch of their fine family.

Jerome Drapeau is employed as a mechanical engineer at the National Bureau of Standards in Washington, D. C. His address is Arlington Towers, W-723, Arlington, Va.

Marjorie Merchant's new address is 433, N. Pleasant St., Amherst, Mass.

David and Lucille (Harris) Vaas are now living at 26 Vernon Rd., Mansfield, Ohio, with their two small sons.

Robert D. Tucker is employed as a research engineer at the United Shoe Machinery Co., Beverly, Mass. His address is 6 Hickory Lane, Beverly.

Mrs. Charles Begley  
(Jeanne Frye)  
Waldoboro, Maine

A nice note from Barbara Murdock tells us that in the January column we had an incorrect address. Bob is an engineer for General Electric Company, but in Pittsfield, Mass., instead of West Lynn. He works in the distribution transfer department. He and Barbara moved in November from Danvers to their present address. 44 Lakeview St., Pittsfield. Their son, Scott, is two.

Was so glad to hear from David and Vera (Edfors) Collins. They are now living at 127 Palmer Ave., Riverside 15, R. I. Dave is a teaching assistant at Brown University while studying for his Ph.D. They have a new son, Mark, born July 15, 1957. Their other two children are Sheryl, 5½, who is in kindergarten, and Davey, 4, who goes to nursery school. Dave went to France for the summer of '56 under a Fulbright grant. This is their second year in Providence. Before that Dave taught in Denver, Colorado, for three years.

John D. Gibson has been promoted to the position of county supervisor of the Farmers Home Administration at Skowhegan. He succeeded Leon S. Lauchlan who retired December 31. John joined the organization in August '55, and has since been ass't county supervisor at the Belfast office.

#### Engagements:

Suzanne Gildart of Bangor to John U. Dirksen. Suzanne is a graduate of Bangor High School and also attended Colby College. She is now employed by the Bangor Savings Bank. Since '52 John has served two years in the army in Germany. He is now working for the Merrill Trust Bank of Bangor.

Ruth P. McSweeney to Raymond C. Lemaire. Ruth attended Boston State Teachers College and is a senior at Boston University School of Education. Raymond is a marine veteran of the Korean

War and has attended Boston University Law School. A July wedding is planned.

Barbara A. Tapley to Richard W. Beaumont. Barbara is a graduate of York High School and McIntosh Business College, and is now employed by Dale Motors, Inc., York. Richard is a mechanical engineer for Ingersol Rand Co., Phillipsburg, N. J.

**1953** Miss Helen Strong  
229 Main St., Easthampton, Mass.

**Don't forget to start making your plans for '53's 5th Reunion in June.**

Alan Walden writes that on June 15 Patricia Carr became his bride. Pat was graduated from Green Mountain Junior College and was an airline stewardess with Capital Airlines. Alan is in the sales department of Chapman Valve Company in Springfield, Mass. The Waldens' address is 57 Gateway Dr., Springfield, Mass.

Nancy (Schott) Plaisted wrote that she and Mike '51 and their two children, Scott Leigh, 2, and Todd Dunbar, 2 mos., are living at 4 Exeter Road, Beverly, Mass. Before going to Beverly they were in Cincinnati, Ohio. Mike is employed by Sylvania Electric Products, Inc., in charge of the sales activity of the transformer operation. In his job, Mike travels all over the country, so would like to hear from classmates around the country.

Barbara (Girard) Dorman and family reside at 13341 Iowa, Westminster, Calif. The Dorman's have one son, Dwight, Jr.

Bud '52 and Rita (Porter) Webber are living at 13A Macbeth Ct., Walldwick, N. J.

Announcement has been made of the engagement of Barbara Young to Paul Remick. A May wedding is planned. Barbara graduated from Endicott Junior College and Academie Moderne. Paul is employed by Standard Oil Company of N. J.

Lt. and Mrs. Donald Robinson and daughter, Holly, are living in Mexico City. Their address is Office of the Naval Attache, American Embassy,

## SPECIAL REPORT

Mr. ANDREW N. SERROS NEW YORK LIFE AGENT

at ORLANDO, FLORIDA

**BORN:** July 2, 1922

**EDUCATION:** University of Florida, School of Business Administration, B.S., 1948.

**MILITARY:** U.S. Air Force—Second Lt. Jan. '43—Dec. '45

**REMARKS:** February 1, 1949 was the first day former Air Force Lieutenant Andrew Serros reported in as a New York Life representative at the Company's Jacksonville General Office. Since that day, he's compiled a sales record that speaks for itself. The first year on the job he qualified for the Company's Star Club—and for the President's Council in each succeeding year. From 1952 to 1957, he received the National Quality Award from the National Association of Life Underwriters. To cap all this success, Andy won a seat at last year's industry-wide Million Dollar Round Table. Behind this impressive record lies Andy Serros' sincere interest in his clients' insurance needs and enthusiasm for his job—two factors that could foretell even greater success for Andy with New York Life in the years ahead.

*Note*

Andrew Serros, after nine years as a New York Life representative, is well established in a career that can offer security, substantial income, and the deep satisfaction of helping others. If you'd like to know more about such a career for your-

self with one of the world's leading insurance companies, write:

# What is the Bell System ?

The Bell System is wires and cables and laboratories and manufacturing plants and local operating companies and millions of telephones in every part of the country.

The Bell System is people . . . hundreds of thousands of employees and more than a million and a half men and women who have invested their savings in the business.

It is more than that. **The Bell System is an idea.**

It is an idea that starts with the policy of providing the best possible telephone service at the lowest possible price.

But desire is not enough. Bright dreams and high hopes need to be brought to earth and made to work.

You could have all the equipment and still not have the service you know today.

You could have all the separate parts of the Bell System and not have the benefits of all those parts fitted together in a nationwide whole.

The thing that makes it work so well in your behalf is the way the Bell System is set up to do the job.

No matter whether it is some simple matter of everyday operation—or the great skills necessary to invent the Transistor or develop underseas telephone cables to distant countries—the Bell System has the experience and organization to get it done.

And an attitude and spirit of service that our customers have come to know as a most important part of the Bell System idea.

Hi! . . . It's been almost like spring here today, but I'm holding my breath. There was a time when I thought I'd have to resort to dog sleds! Actually, it isn't that bad, and Mt. Katahdin is just beautiful!

Cynthia Whitney has announced her engagement to Seabury Libby. She is employed by the U. of M. Library, and he is a senior at our alma mater.

A May wedding is planned for Carole Anderson and Kenton Kubisek. Carole is on the staff of Fairfield State Hospital, Newtown. Kenton is manager of Twin Maples Dairy, Bridgewater, and National Livestock Dairies of Torrington.

This is Dee Livingston's second year at Simmons, where she will get her M.S.W. in June. Dee is already making plans for a trip to Europe. Her present address is at 27 Phillips St., Boston 14, Mass.

Nelson and Carole Newcombe and boys are living at 235 Velasco St., Bayside Park, Ft. Ord, Calif. 2/Lt. Mary June Renfro graduated from her dietetic internship in September and was reassigned to Walter Reed for another year. M. J.'s address is Delano Hall, Walter Reed Army Medical Center, Washington 12, D. C.

Here's another address to note—Wendall Holman, 523rd Ordnance Co., A.P.O. 28, c/o Postmaster, New York, N. Y.

Please, please reserve June 6, 7, and 8 for a very important reunion date!

**1957** Mrs. Gary L. Beaulieu  
(Jane Caton)

60 Chestnut St., W. Newton, Mass.

Gee, here we are, already in the month of "lions and lambs." Where is the time going? It's only when you stop and think of all the things that have happened that you realize how many months have passed since June 9, 1957.

Here's a little of the news that was left out of the January issue for space (timely?) reasons!

Joan Knight is leaving January 15 for Tegucigalpa, Honduras, Central America, where she'll study for a year on a Fulbright Scholarship. Wonderful! She said that Sandy Richardson is working for Dudley-Anderson-Zutzy (advertising) in their test kitchen, in New York City, and Judy Wetmore is teaching in Lexington, Mass. Sorry, no addresses.

Dottie Jewel is teaching home ec in Groveton, N. H., and really likes it. She saw Reno Roy and Shirley Christopher recently. Reno is teaching in Manchester, N. H., and Shirley in Gorham. She also said Buddy Smith is teaching in Berwick, Me., and Don Huggett is a forester in Orleans, Calif.

Walter and Judy (Dale) Macdougall are at 16 Pleasant St., Milo, Maine. Judy is teaching English in Milo High School and Walter is getting his master's in English at Maine.

Ed Bonefant of 8 Western Parkway, Schenectady 4, N. Y., is taking a business training course in General Electric.

## Bright future for banking

This June thousands of graduates look forward to a career. Here's the story of bankers—what they work for, what they are like.

You can't always recognize a budding banker by an expression. You've got to dig a little into character.

As bankers, we naturally know some of the character essentials that make for success in our business. These we're passing along on the chance that they might help inspire the right youngster toward a bright future in banking.

### Profile of a Banker

Bankers take a healthy pride in their jobs. They like people. They like to help people, and they believe that banking offers a good way to do just that.

Bankers are also strong individualists. But they're completely in agreement on certain basic things like

private enterprise, individual rights, self-reliance, and our country's future.

Judgment comes into the picture, too. The banker must be a realist. It's mostly your money he's dealing with, and it's his responsibility to lend it wisely.

### Bankers in Action

The successful banker gets where he is because he's resourceful enough to match every ounce of essential caution with a full pound of imagination and concern for the community interest. He knows his neighbors well. Like the lawyer, the doctor and the churchman, he keeps their confidences and helps them when he can.

Such is the profile of a banker . . . of the banking

profession itself. For the young men and women who can match it there's a bright future in a growing industry. There's also a world of opportunity in a rewarding career that provides interesting jobs and makes useful citizens.

The Canal National Bank presents this message in the interest of a wider understanding of the banker's place in our national life.
